## "Y" Mixer Comes Friday

### Work On Algol Progressing As Photos Taken

**Majority of Copy Due This Week, Says Mydas Capps, Editor of Publication**

Work on this year's Algol is progressing rapidly, according to Mydas Capps, editor of the publication. The majority of the copy is due this week, Miss Capps declares.

Individual photography is being rushed by assigning definite dates. The list of these dates is posted on the bulletin board.

Basketball and football pictures have been taken and group photos will be taken next week. Presidents of college clubs are urged to see George Butler or Mr. Beeman immediately.

Definite plans for the art work have been made and the art staff is now working hard under the direction of Catherine Best, art editor, and Miss Donaldson, art advisor.

The literary inserts in the book are being written with the help of Miss Agnes Todd Miller, literary advisor.

### Plans Progressing For Bachelor's Ball

Plans for the annual Bachelor Ball to be held February 25, at the Santa Ana country club are well under way according to Lawrence Minge, grand exalted of the Bachelors. However, full decisions regarding the affair have not as yet been issued.

Tickets are to be on sale at \$1.25 a couple, coupons printed in the Don being equivalent to twenty-five cents of the admission fee.

### John Fitz to Lead Sophomore Class

Officers for the sophomore class for this semester are John Fitz, president; Bill Allee, vice president, and Dick Drew, secretary and treasurer.

At the present time, Fitz has several plans for his class, but he does not wish to make them public against the will of the class. An idea for a gift to the college has been suggested. In the president's opinion, a really worth while gift would be to add money to the scholarship fund.

Several social gatherings are promised during the semester.

### No Decision Given Mencken Argument

Friendly informality marked the no-decision debate yesterday afternoon when James Walker and Dwaine Tarbet attempted to prove in opposition to Mr. Bautyer and Mr. Woodward of U. S. C. that the Mencken school of thought is detrimental to American ideals.

Begging to be excused for unpreparedness because of the sudden change in schedule necessitating a shift in teams, the debaters after a false start launched expertly into the subject.

This was the first work-out of the Santa Ana team on the Mencken resolution.

### Dr. C. N. Thomas to Speak in Assembly

Dr. C. N. Thomas, formerly the colonizing and industrial agent for the Southern Pacific Railroad company of Mexico, and reputed to be one of the best informed men in America on conditions in Mexico, is to address the college students this afternoon at the regular assembly in College hall.

Dr. Thomas is now working on a plan to bring one hundred teachers from Mexican schools to California to study educational conditions in the San Francisco bay and Los Angeles vicinities. They will visit the northern universities for two weeks and then devote the remainder of their time in the southern district.

Having been in the employ of the Southern Pacific company for thirty years, Dr. Thomas has come in con-

(Continued on page 3)

### Don Appeals for Help

Can you write? Can you talk? Do you like to play with words, or type? Are you interested in advertising and business management? If you are, there is a place for you on the Don staff. Whether man or woman, you may have an active part in the school publication. Talk with any staff member about the work—and fun, too—and get your place on the paper.

### Board Considers Plans for Fiesta

Tentative plans for the establishing of a Spanish Fiesta tradition in the Santa Ana junior college were disclosed at the meeting of the executive board, Monday, February 13, in the student offices.

With the idea of founding a tradition for succeeding years, members of the board will soon launch into a campaign to create interest for the affair. During the discussion members expressed themselves as being in favor of an all-day celebration with an evening dance as the culmination.

That school penants would be spirited emblems for the college was the feeling of the board. It was decided to turn the matter over to the Y. W. C. A. for consideration.

### Campus Y. M. Plans Cabinet Retreat

The campus Y. M. C. A. cabinet will hold its spring retreat Saturday and Sunday, February 18 and 19. The place has not been definitely decided upon, but it will probably be somewhere near Mt. Baldy, according to Melvin Harter, president.

Several members of the faculty are expected to be included in the group. Among these are Walter Scott, McKee Fisk, Mr. Newcomer, and C. C. Stewart.

The Campus Y cabinet met Tuesday night to draw up plans for next year's work. Several members of the advisory council were present, and gave valuable aid formulating the plans.

### Y. W.-Y. M. Are Sponsoring Event To be Held in Gym At 8 o'clock

### Cartoon Contest Concludes Today

The Don cartoon contest closes today. The winner of the \$5 prize, offered at great cost by the impoverished Don staff, will be awarded next Wednesday in assembly.

The judges, Miss Donaldson, Thelma Morehouse, and Roderick Smiley will select the best cartoons on the basis of applicability of the idea, interpretation of the idea, and clearness of technique.

Ideas for the cartoons are those especially interesting to college students. School affairs or world affairs as they affect the modern college student, are used.

### Students Propound Pertinent Questions

Where did we come from? Why are we here? Where are we going? These were some of the perplexing problems which about twenty-five students pondered upon in the discussion group which met in room 201 last Friday at one o'clock.

The men and women present expressed a desire to meet every week at the same time. Next Friday every student will be given an opportunity to express his ideas concerning the universe and its purpose. An outline of the questions which are raised will be made to be followed in later discussions.

The interests of the students will determine the topics to be discussed. Discussion will not be limited to any particular field.

### Games and Refreshments Furnish Entertainment For Evening

All Dons are invited to the Y. W.-Y. M. Mixer to be held in the gym this Friday, February 17, at 8 o'clock.

The Y. W. - Y. M. is sponsoring this mixer so that new students, and old students who are still new to each other may become acquainted.

A basketball game with Occidental has been scheduled at 8:00. is yet uncertain whether the game will be played or not.

Lively, get-acquainted games of the mixer type and refreshments constitute the major features of the program. Although refreshments are to be served, the Y. W. has let the news leak out that it would be wise for guests to bring all their stray nickels and dimes along with them to the mixer.

John Fitz and Faris Edgar have charge of the games. All who attended the J. C. mixer held the first semester doubtless remember how Fitz and Edgar kept things humming.

### Don Staff Sports At Dinner Meet

Dining, dancing, and singing contributed to the pleasures of the Don staff meeting, Thursday, February 9, at Ketner's.

After the colorful dinner, which carried out the Valentine motif, talks were given by T. E. Williams, printing instructor and C. C. Stewart, journalism instructor regarding plans for the future.

Several changes have been made in the Don staff. Flora Groenow has taken over the position of news editor for the following semester, and Dorothy Clarkson, features. Dorothy Plank will handle the women's sports, Julie Bingham, drama, while Eleanor Turner has charge of the editions.

Thelma Morehouse, editor-in-chief, vites students, whether having experience in journalism or not, to assist in putting out the paper. The staff now numbers thirty, but fifty students could easily be used.

### Credit Given For Outside Music Work

If credit is desired for outside music this semester, the necessary blanks may be obtained in the office.

"All students who desire this credit must fill out the blanks at once," stated Dean Fisk.

Students must register for this course as far as any other course.

### Fun Promised at Mixer

Are you coming? Remember the date—February 17—keep it open. The Y. W. - Y. M. is sponsoring a mixer for the entire student body on that date.

Here's a hint which may prove of value. For certain reasons, you might be surprised what they are, save your dimes and nickels and bring them along. It may be for refreshments—still, refreshments are being served — — — at any rate, bring your dimes and nickels.

John Fitz and Faris Edgar are in charge of games for the occasion. Is that any inducement to you—

All right, then—We'll see you at the mixer, Friday night, February 17, at 8 in the gym.

## Editorial Comment

## A Suggestion

A word to the unwise would be, in all probability, a greater help than the proverbial word to the wise. Sometimes we as a student body wonder how our assemblies impress outsiders.

By this we mean, not the program, but the conduct of the students attending. Are there not times when three or four students come in together, and rather unintentionally forged that courteous attention is due to those who are making the effort to entertain us?

Assemblies are in some respect, however, a get-together, so that in a measure the hum of conversation is legitimate. Yet, this hum should cease when an entertainer is making an effort to please us. A part of our college education should be to learn to forego some of our pleasures in the name of courtesy.

## Student Comment

Why can we not have intercollegiate dances? Our athletic teams meet representatives of other colleges in sport; our debating teams meet other colleges in verbal battles. Our press groups and "Y" clubs meet like groups of other colleges in conference. In all these meets there prevades a spirit of good fellowship and friendship. Why not have intercollegiate dances?

When student bodies are friendly the colleges must function harmoniously. At our last dance we had the pleasure of playing host to a number of Long Beach students. The dance was one of the best we have ever had. Why? We met a new college and new individuals. We made some new friends.

The handwriting is on the wall. Soon colleges will be cemented into a great brotherhood. It all resolves itself into a question as to whether or not we are prepared to make such a great step forward. Soon we shall all go to a larger institution, a four-year college, where we shall meet the same students we met at such an affair as inter-collegiate dances.

Can we not establish those friendships now and have the advantage of an acquaintance in the college we are to attend? Intercollegiate dances would afford a means of our realizing a benefit to ourselves and to our college. Again—why not have intercollegiate dances?

—Clark Brown

## Time Wasters And Space Fillers

Chameleons aren't alone in their swift change of color act. Surely you've been blue, and there is always a dainty blonde around who is tickled pink. A few minutes later it isn't unusual to see that type turn green with envy or yellow with jealousy. They are capable of being black with rage or white with fright. This must be hard on a dainty blonde.

## Demand a Change

As long as colleges and college students allow such publicity to go out, people will continue to criticize college life. When those interested in college demand that the newspapers of the country put out publicity concerning college life as actually is, in the class room, in activities, and in social life without yellow-sheeting it, then college may again loom in the eyes of the public as valuable a social institution as it actually is.—Quaker Campus.

Have you noticed that lonesome look on Bill Fox's face? He had to leave his dear Lizzie at home Thursday morning because someone had stolen its batteries.

Roma Mayes, a first semester student at Santa Ana college, is now attending Oregon Agricultural college at Corvallis.

There's another new man about college. He did have a moustache a la Ronald Coleman, but now he's just plain beauty unadorned.

"Say, Mike, I've been sitting here for an hour and this vanishing cream hasn't moved yet."

She: "How do you like my new shoes?"

He: They're immense!"

She: "Huh?"

## Campus Chatter

Sitting on the edge of the pool is the favorite sport of the men's swimming class. The water heaters are out of order and the water is cold.

## With Apologies to Bobby!

There was a young lady named Isch  
Who drank her soup out of a dish.  
When 'twas taken away  
She exclaimed in dismay,  
"I wasn't half thru, you poor fisch!"

There once was a young man named Clark,  
Who was on his way home in the dark.  
He cried out "I declare  
I thought that was a bear,  
But it really is only a lark."

There was a young lady named Fox  
Who, by means of her fair curly  
lois,  
Has acquired a ring,  
And along with the thing  
A man for whom she may darn sox.

There is a young lady named Best  
Who never takes time out for rest.  
Tho always in a hurry  
She seems never to worry.  
Her name fits her by every test.

There was a young lady named Groenow,  
Who, when asked if she'd studied,  
would soenow.  
But tonight she's no date.  
And will study 'til late,  
So tomorrow her lesson she moenow.

There was a young lady named Ball  
Who often was seen in the hall,  
Maybe laughing or talking,  
On perhaps only walking.  
But alone? No, not ever at all.

There was a professor named Fisk  
With manner efficient and brisk  
When a student flunked out  
He did not rave and shout  
But swept him right out with a  
whisk.

## In Memoriam

Here lies what's left  
Of a road hog's nerve:  
He met a fellow  
Who wouldn't swerve.

The new gymnasium at the University of Redlands is to be named after Senator Curries, who was at one time a trustee of the university.

## FOUND ON THE EDITOR'S DESK

Dear Editor:

When you put the finishing touches on what's left of this cub reporter, after she has expired from mental fatigue, please give me a little grave without my name, but carve this as my epitaph. (Note: reformed pessimist).  
"Life is a jest, and all things show it,  
I thought so once, and now I know it."

Yours optimistically,  
D. C.

## Hearts and Flowers

In ye olden tyme the men and maidens had a custom of choosing their hearts' one passion on the eve of Saint Valentine's day, by drawing numbers. Each gentleman thus drew a lady for himself and he became the Valentine of a lady to whom he was bound to be faithful for a year.

Ye old order changeth, and yet the sentiment is ever the same. Today the valiant youth still offers 'his tokens at the shrine of love and bows with graceful gallantry in remembrance of Saint Valentine of old.

## BACHELOR BALL

Scene I—A J. C. boy at home—Much worried and ill at ease—Vision of one collegiate J. C. girl before him—Wants a date for Bachelors' ball—The Bachelors do things in grand style—Wonders what the ball will be like—Wishes he were a bachelor—Might have more weight with her—Of course he'll ask her—Maybe she's got a date—Does she want a date—Would she have a date with him—"Oh Lord, give me nerve enough to ask her."

Scene II—The girl at home—Quite perplexed—The ball—Like to go—About a date—The Bachelors' ball—At the country club!—Dinner at Ketner's, maybe—And that new dress—That new dress—Of course he probably won't ask her—Has he asked somebody else?—Mustn't let it worry her—

Scene III—The Bachelor's ball—More fun! He asked her—Is she happy?—Is everybody happy?—Good looking bachelors—Wonderful crowd—Look at the dresses—Some orchestra—Hates to go—Hurray—Bachelors best social event of the year—

## Vagrant Thoughts

Well, there are still a few of us left in the old institution, thanks to the powers that be. The unfortunate ten percent are undoubtedly singing "Just another semester wasted away." Yes, undoubtedly.

The new semester bids fair—with four new blondes—What more could the men of the college ask? Five! (They would).

Many favorable comments have been in circulation about the position of the astronomical observatory. The members of the astronomy class all know their roads up there. That helps.

Speaking of astronomy, have you heard that Mr. Tessmann has arrived? So have we, but we're from Missouri. (It's better to pretend to doubt than to appear curious).

Just saw that wavy hair blue eyed individual walk down the hall. Buy me him, mama!

## Exchanges

Four hundred and ninety-one students were flunked out of the University of Washington at the end of the fall quarter. This is the largest number ever disqualified from the institution and comprises approximately six and one half per cent of the total enrollment.

Two successive University of Minnesota students have won the Yale scholarships in forestry.

The new Life Science building to be erected at the University of California will be 450 feet long, 230 feet wide and five stories high.

An increase of from ten to thirty per cent in student fees has been voted by the regents of the University of Nebraska.

Members of the so-called weaker sex at Whitman college, Walla Walla, Washington, have been granted the rare privilege of making dates with the boy friends for a period of two weeks.

Students in the psychology department at the University of Colorado made the highest average in the university for the last term. Mathematics, chemistry, and economics students made the lowest grades.

Pietro Ton, organist at St. Patrick's cathedral in New York city, is to dedicate the new \$10,000 organ at the University of Redland at a recital on February 28.

Small cars with planetary transmissions were made as long ago as 1600, for don't you recall what Sir Walter Raleigh said when he placed his cloak in a mud puddle before Queen Elizabeth? "Step on it, Lizzie!"

A new \$700 bookkeeping machine has been purchased by the commercial department of San Bernardino junior college, for use in the machine-calculation branch.

## Cook's Comments

### Earning a College Degree

Strange as it may seem with the entrance qualifications as rigid as they are, there are some corrupt and undesirable influences noticed in campus life. It is well for new students who are not initiated into some of the sinister ways of the world to lay low for awhile and to learn the ropes without incurring any harm upon themselves.

There will be invitations to partake of diversions which seem at once harmless enough and yet risky to the point of being delightful. Here is where-in the unwary newcomer is liable to make his first false step.

### Makes Way by Gambling

For example, there is a student here who has admitted to the writer that he makes his way in school by gambling. His victims are not all attendants at the university but there have been cases of men who could ill afford it, losing as much as a thousand dollars in one poker game. In fact the same person who boasted of his dexterity with the cards also revealed that during his first quarter, here, he lost two thousand dollars and had to leave school and go back to work. But with a sly wink he added "I've won it back, alright, and it paid me to have the experience. Everyone has to learn, you know."

### Pocket Flasks

Then there is the danger of the innocent pocket flask. Innocent, until relieved of it by an officer of the law. The other evening at a dance one man made the mistake of imbibing too much and of flourishing in the eyes of everyone the source of his invigoration. The result was a night in the city gaol and a fine of fifty dollars. A costly evening, is the least we can say. Of course many "get away with it" as the saying goes, but the stories of intemperant ones get out and are soon known by the dean of men, who while often remaining silent, makes inventory of the fact to be reserved for future reference.

These things are written to refer not to only one university, but wherever there is a group of several hundred students with the resulting variations and deviations from the more simple home life. The first few months involve a great many changes. Some students are on their own for the first time in their lives. They should not admit too many social influences at the beginning until the first grades are issued and they know how they stand.

## "Valiant" to Play At Laguna Beach

The Women's Club of Laguna Beach has invited the drama class of S. A. J. C. to be their guests at luncheon, and to furnish the entertainment for the semi-monthly meeting, Friday, February 17.

The two plays which the drama class are planning to give are "The Valiant" and "Finiculi Imicula".

The cast of characters for "The Valiant" is as follows: Dike, the Valiant, Ray Lindman; The Girl, Geneva MacMillan; The Warden, Don Park; The Priest, Neal Harlow; and The Attendant, Hal Huff.

The cast of characters for "Finiculi Imicula" are Alma, Julie Bingham; Taddem, Hal Huff; and Dr. Collins, Mr. Ernest C. Phillips.

## Dons Give Play For High School

"The Valiant", a one act play, was given in the high school assembly last Friday by members of the junior college drama class.

The cast included Ray Lindman, Geneva MacMillan, Don Park, Neal Harlow, and Hal Huff.

"The Valiant", played by Ray Lindman, is about to be hung for murder. A young woman comes one thousand miles to see him, thinking that he might be her brother. The murderer recognizes her as his sister but conceals his identity from her. He makes up a story about seeing her brother killed during the war so that she can go home and tell her mother. The girl goes, and the play ends with the "valiant" being taken away to be hung.

## Women's Quartette Presents Program

Another public appearance was made by the college women's quartet Thursday night, when they sang for the college club house. They sang "Mighty Lak a Rose" and "Lassie o'Mine." Members of the quartet are Hazel Smith, Katherine Kirven, Jean Fox, and Jean Nicholson.

Miss Helen Macartney, teacher of high school music, played two piano solos and Hazel Smith, soprano, sang "Calm as the Night" and "The False Prophet."

## S. A. Meets Riverside In Practice Debate

The Riverside junior college and the Santa Ana junior college debating teams will meet here for a practice debate on Wednesday afternoon, February 15. The question for debate is to be "Whether or not a nation with advanced civilization civilization is justified in forcing its customs on an inferior people."

Thelma Dugan and David Cherry will uphold the negative side of the question here on Wednesday. On Friday, February 17, Edward Gerhardt and James Walker will go to Riverside junior college prepared to argue on the affirmative viewpoint.

## Delegates Attend Fullerton Meeting

The Fullerton forensic club, "The Oracle," was host to delegates from junior colleges of Southern California last Friday afternoon and evening at a conference to discuss campus problems.

Compton opened with a consideration of college spirit. Citrus introduced the topic of the honor system raised considerable comment.

Lawrence Minge and Mydas Capps, official delegates from Santa Ana, introduced the topic of Social Clubs and social dancing.

At 6 o'clock the meeting adjourned for dinner, held in the Fullerton cafeteria.

A program was given for the entertainment of the delegates.

Those attending the conference from Santa Ana college were Lawrence Minge, Mydas Capps, Thelma Morehouse, and Ray Lindman.

## COLLEGE HUMOR GETS REPRINT OF CENTAUR SAN MATEO MONTHLY

The Collegiate World Publishing company, publishers of "College Humor," nationally circulated magazine, have purchased the exclusive rights of the Centaur Magazine, San Mateo's humor magazine, published monthly.

After the first issue of the Centaur was printed, College Humor sent contracts bidding for reprint rights to San Mateo. Copies of their last three issue have been sent along with signed documents. It is probable that the Centaur will be represented in a late issue of College Humor.

## "O. K." Club Holds Valentine Party

The "O. K.'s" held their second party last Friday night at the home of their president, Maurice Guyer. The Valentine motif was carried out in the evening entertainment.

Card playing furnished most of the entertainment. In a love-letter contest, Jane Stewart won the women's prize and Dean Fisk the men's prize.

It was decided at a short business meeting at the close of the party that the next party should be held March 16. Harriette Hall asked that it be given at her house and all agreed to this. It is planned to have the St. Patrick's motif carried out at this affair.

The refreshments last Friday night consisted of heart shaped sandwiches, cocoa, and Valentine candy.

Those present included Miss Whiting, Miss Staul, Mr. Fisk, Naomi West, Naomi and Ruth Bulpitt, Harriette Hall, Jane Stewart, Amelia Martin, Harry Weaverling, Curtis Van Syoc, John Walker, Albert Randall, Paul Franshall, Melvin Harter, Julia Bingham, Romaldo Olivares, Opal Vandruuff, Dorothy Vincent and the host, Maurice Guyer.

(Continued from page 1)

tact with all classes of Mexican people, "from the peon type to the President of the Republic." He is noted for his enthusiasm over the Mexican cause and his faith in that people.

Mr. L. L. Beeman, who has heard Dr. Thomas, declares him to be a vigorous and forceful speaker. With his enthusiasm over his topic and his ability as a speaker, he is expected to bring an important message to the student body.

## Don Team Closes Season With Win

The Don basketball squad officially closed its conference season with a win over the Fullerton J. C. team by a score of 31-24 last Saturday night.

The Dons took the lead early in the game but the half ended with a brilliant rally by the Fullerton team putting the score at 19-16 in favor of the visitors.

### Dons Tie Score

In the second half the Santa Ana bunch soon tied the score. From then on it was a matter of a few points lead for first one team and then the other. Near the end of the contest, the Dons rallied and had run up a safe margin when the game ended.

Mearl Youel, forward, was the star of the game. He was high point man on the Don team and shared honors with Cheatem of Fullerton for the high point man of the game, both having a total of 12 points.

Faris Edgar was unable to find the basket but worked some brilliant plays that resulted in a score for Youel or Cook.

Captain Cheatem, of Fullerton, played a threatening game, sinking long shots with unerring precision.

The lineup was:

Santa Ana (31)	(24) Fullerton
Edgar (4)	F (12) Cheatum
Youel (2)	F (3) Vaughn
Cook (10)	C (2) Utter
White (2)	G Curtis
Allee (3)	G (1) McOmie

### Fellows:

## W. A. A. Makes Plans For Annual Banquet

Letters for women's sports will be awarded at the end of the year at a banquet held for all women who have participated in any sport during the year. This was decided at the W. A. A. meeting held the evening of February 6, at Ketner's.

At the close of each sport an informal spread will be held, at which time announcement of those who have earned letters in that sport will be made. No letters will be awarded then.

It is the aim of the W. A. A. to make the final banquet an annual event.

Those students who by earning 100 points are to receive letters are Charlotte Browne, Marian Bruner, Dorothy Clarkson, Margaret Glenn, Ruby Gray, Rowena Newcomb, Helen O'Brien, Dorothy Plank, Helen Richards, Helen Richards, Joy Wilson, Jean Nicholson.

Those receiving 50 points are Julie Bingham, Josephine Ball, Ruth Bradley, Alice Prather, Helen Schoenberg, Ruth Tantlinger, Marion Gardner, and Dorothy Jessee.

25 points were earned by Thelma Dugan, Lucile Goodrich, Anna Pickering, Bobby Isch, Vera Mae Smith, and Charlotte Harnois.

## College Women Train For Live Saving Test

The women's life saving examination is to be given the first week in April. All girls who pass the examination with a grade of 80 will receive the junior life saving emblem.

Aspirants are advised to practice comes and resuscitation from now until that time. The pool is open for this purpose every Tuesday and Thursday at 3:30 p. m.

Only six junior college girls have signed up for the test. Any others interested are asked to report to the gym at once.

Those listed at present are Barbara Goodrich, Margaret Glenn, Frances Reid, Julia Bingham, Lois Allen, and Charlotte Browne.

### New Girls Report

With the addition of several girls who responded to the W. A. appeal for support, there are now enough hockey letter aspirants to make one sophomore and two freshman teams. On February 20, three captains will be selected who will choose their own teams from the group. A schedule has been arranged so that two games will be played by each team.

## Don Track Team To Enter A. A. U. Meet

Coach "Bill" Cook is going to take a squad of his track men to Los Angeles Saturday to compete in the A. A. U. meet there. This meet is open to all athletes and promises to be a hot competitive affair. The men who will comprise the squad are not definitely known as yet. The showing made in the interclass track meet last night will be the deciding factor.

It is hoped that Santa Ana will be able to make a good showing at the A. A. U. meet and the boys are training with that in mind.

## Ass'n News

Pasadena, California, Feb 11—Pasadena's hitherto undefeated basketball aggregation dropped the title game in the Western Division to Long Beach on the Viking court tonight. This was undoubtedly the fastest and hardest fought tilt seen in the western loop this season. The final score was 29-23.

With 97 new entries thus far, Pasadena junior college enrollment has reached a grand total of 601 this semester. Of this number seven have already withdrawn, leaving a student body of 594 men and women.

The combined glee clubs of Pasadena high school and junior college will present a Japanese musical comedy, "The Maid of Tokyo" on March 15 and 16. The production involves a cast of eight principal leads, a chorus of 60, and many dancers. June Etienne and Non Novis, junior college students, have the title roles. They have occupied similar positions in two previous productions.

James Barrie's "Quality Street" has been selected for the annual jun-

## Santa Ana To Play Game With Compton

Friday night the Don basketball team will journey to Compton to engage that team in a post season game. There is no importance as far as conference rating is concerned, but is merely a game for sport's sake.

The Dons defeated Compton rather decisively in their regular league tilt but it is quite possible that Compton will turn the tables. At any rate they will try hard enough. The Dons, of course, will attempt to divert this catastrophe and as they are in fine form it is quite possible that they will again defeat the Compton cagers.

In a hard fought battle with Long Beach emerging as the surprise winner, the Bay city team defeated the Pasadena quintet for the Western division championship. The teams were evenly matched and it was in the last few minutes of play that Frank, Long Beach forward, annexed three baskets giving Long Beach the game and championship.

Pasadena's defeat makes them occupy second place in this division. Santa Ana by defeating Fullerton, now occupies third place.

college dramatics production for this year.
